The Order - Noahide Siddur - HC

Price: $32.95

Description
The Order is a collection of prayers and blessings designed for adherents of the Noahide laws, which are a set of seven moral commandments given in the Torah for non-Jews (Gentiles). These seven laws are considered universal ethical guidelines for all humanity, often based on the idea of creating a just and moral world. A Noahide prayer book serves as a guide for prayer, reflection, and spiritual practice, emphasizing a monotheistic relationship with God, ethical living, and righteous behavior.

Key Elements of a The Order Prayer Book:

Prayers of Gratitude and Praise:

- Prayers thanking God for life, creation, and the opportunity to live according to His will.
- Expressions of awe and reverence for God's wisdom, power, and goodness.

Recognition of God's Oneness:

- Central to the Noahide faith is the belief in the one, true God. Prayers often affirm monotheism, avoiding the worship of idols or false gods.
- References to God's role as Creator and Sustainer of the universe.

Ethical and Moral Reflection:

- **Prayers that encourage self-reflection on living a righteous life, aligning with the seven Noahide laws:**
    - Prohibition of idolatry.
    - Prohibition of blasphemy.
    - Prohibition of murder.

- Prohibition of theft.
- Prohibition of sexual immorality.
- Prohibition of eating the flesh from a living animal.
- Establishment of courts of justice.

Prayers for Peace and Justice:

- Prayers may include requests for peace, justice, and moral clarity for all of humanity, reflecting the Noahide focus on justice and law.

Repentance and Forgiveness:

- Prayers asking for forgiveness from God for any violations of the Noahide laws or general sins.
- Emphasis on personal responsibility and commitment to improving one's behavior.

Blessings:

- Specific blessings before meals or other significant moments in daily life, similar to Jewish blessings but adapted for Noahides.
- Blessings on natural phenomena, life events, and for spiritual insight.

Meditations on Torah and Wisdom:

- Although not bound to the same religious obligations as Jews, Noahides revere the Torah as a source of divine wisdom.
- Prayers may reflect on the Torah's teachings and how they apply to ethical living.

Universal Vision:

- ***The Order*** prayer book often includes prayers for the betterment of the world and the fulfillment of the Messianic era, where humanity lives in harmony under the guidance of the Noahide laws.

Connection to the Jewish People:

- Many Noahides feel a spiritual connection to the Jewish people and their covenant with God.
- Prayers may include petitions for the well-being of Israel and acknowledgment of the role of the Jewish nation as a "light unto the nations."

The Order prayer book serves as a spiritual tool, helping Noahides connect to God, reflect on their moral responsibilities, and lead lives filled with righteousness, justice, and compassion.

Approbation's

Dear Noahide Nations,

I have just perused the entire The Order: A Communal and Individual Noahide Siddur. It is a long-awaited and therefore very welcome breakthrough work, a beautiful work, carefully and conscientiously constructed, with exquisite sensitivity to the meaning of each prayer. As with the Jewish siddur itself, the prayers herein so beautifully presented are a body waiting for its soul. May more and more people and entire congregations breathe life and soul into it, utilizing it as a launching pad for greater closeness to Hashem, for singing His praises, for thanking Him, for beseeching Him to hasten the great day when the entire world will be filled with the consciousness of His presence forever.

With blessing from Jerusalem,

Rabbi Avraham Sutton
